

To Whom It May Concern:

Please be advised that _____ school
will be open for the summer session from _____ 2009 to _____ 2009.

Through a grant from the United States Department of Agriculture, it will be possible to offer all children 18 years of age or under, regardless of race, color, sex, disability, age or national origin a breakfast and/or lunch at no charge during the summer. This program only provides funding during the summer session. When regular school starts in August, students will have to complete the application for free or reduce price meals, as they have done in the past. The school will have a designated sign-in period for those students not enrolled in summer school. The sign-in will be on the _____ day of _____, between the hours of _____. Any child wishing to participate in the Summer Food Service Program for Children that fails to enroll during the designated sign-in period will need to check-in with the Principal prior to reporting to the cafeteria for meal service. This is necessary for security, safety and control reasons.
